

MEDIATION ISSUE IDENTIFICATION FORM

This form is being provided to you so that issues that are important to you will not be overlooked or forgotten. Mediation is your opportunity to talk about the issues that concern you. At the start we will agree to a list of the matters we need to discuss. In that way we can hold a balance between the issues and not lose sight of any of them.

On the lines below, please write down the issues you would like to resolve in the mediation session in order of priority.
